

# Nationally Accredited Medicines Reconciliation Scheme

## A Blended Learning Programme

### Assessment

#### Competence

Competence is assessed by practice based observation activities carried out by the educational supervisor and a suitably qualified pharmacist or pharmacy technician.

#### Knowledge

Knowledge is gained by attendance at the study day, completion of reading materials i.e. e-learning and undertaking the e-assessment.

#### Portfolio and external review

Candidates will be required to participate in an external review conducted by two members of the Pharmacy Technician Programmes Team at UEA.
