

Nationally Accredited Medicines Reconciliation Scheme

A Blended Learning Programme

Pre-course Activities

Before commencing training all candidates must:

- Demonstrate to their Education Supervisor that they have an understanding of all Standard Operating Procedures relevant to the medicines management role that they are undertaking
 - Complete a full induction into the area where they will be working with an experienced pharmacist or pharmacy technician who is accredited in medicines management or has equivalent experience at the practice base to be acknowledged as occupationally competent
 - Attend a “Medicines Reconciliation Introductory Study Day” with their assigned Educational Supervisor
 - Complete e-learning activities
-
