

Patient Consultation Skills Accreditation Scheme

A Blended Learning Programme

Once registered for the Scheme, we want candidates to gain as much knowledge as possible in order to provide a solid grounding to complete the course.

The knowledge is split between e-learning and Study Day 1, with the e-learning activities to be completed before attending. All of the e-learning activities will be accessible via Moodle, our e-learning site which you will gain access to upon registering on the course.

e-Learning Reading & Activities

- Spoonful of Sugar
- Nice Guidance - Adherence
- The course Handbook
- CPPE Consultation Skills Workshop (allow 3 hours) - the completion certificate must be uploaded to VQ Manager before Study Day 1.

Pre-course Assignment

- Observe two Patient Consultations by a colleague
- Conduct a counselling session with patient observed by your Educational Supervisor and record the consultation. Write a short reflective account of the consultation and bring it along to Study Day 1.
